Dear Sir:

We are responding to your letter of February 5, 2002, for Docket No. T-04070A-01-0975, concerning our projected revenue and expenses for the next twelve (12) months, since we are not doing business in the State of Arizona at this time. We are applying for certification because our company is an Asset and Data Management Company who also supplies coin telephone needs to our customers. At this time we have a hospitality customer who needs a coin telephone at their location since the LEC is removing same. We have a number of this instances throughout the United States and we are currently applying for certification in these areas.

At this time since we have only one customer the following is the information your office requested. The information is for one payphone, but if during the year we get any more requests the following scenario would apply:

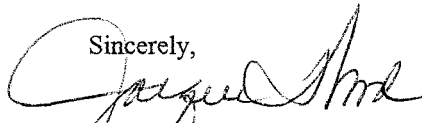

Revenues expected 2002 at this time \$1,259.00

Cost of sales \$ 650.00

The book value of the asset at the end of 2002 is \$709.00.

We hope this information will help in establishing our Company in the State of Arizona. If you need additional information please let us know. Thank you.

Sincerely,

Jacquie Wood
President
